There Will Be No Indecent Haste er Bluster by the President.

The Spanish Government is Preparing Its Side of the Case-Dr. Congosto, Who Represents Spain in the Matter, Will Be to Washington Thursday.

New York, June 10 .- A Washington dispatch to the Herald says:

"A demand for full reparation for the Ruiz outrage will be made by the president, but there will be no indecent haste nor unnecessary bluster in Mr. McKinley's representations to the Spanish government."

This statement was made by a cabinet officer.

The Spanish government is preparing its side of the case. Dr. Congosto, who represented the Spanish government in the investigation, will arrive here Thursday with his report, which takes a directly opposite view from that of Consul General Lee. This will be submitted to Minister De Lome, who, after viewing it, will submit a report to the Spanish government.

Senator Foraker, of Ohio, of the committee on foreign relations, said: "Consul General Lee's report simply confirms my opinion in regard to the death of Dr. Ruiz. I have never had a shadow of a doubt that he was killed in prison, and that the Spanish government was responsible for his death. This government should at once demand indemnity from Spain, and should take such a firm and decided stand that there would be no danger of any other American citizen in Cuba being subjected to such treatment."

MAHER-SHARKEY FIGHT.

Polles Interfered at the End of the Sev-

enth Round-A Draw. New York, June 10.-Peter Maher and Tom Sharkey fought Wednesday night at the Palace Atuletic club for a \$15,000 purse. At the end of the seventh round the police interfered and the contest resulted in a most unsatisfactory draw. Never in the bistory of the ring has there been such an enormous attendance at a boxing bout in this vicinity. There were about 10,000 persons squeezed in the big building at 107th street and Lexington avenue.

A more representative congregation of well known sporting men has never witnessed a boxing mill than that which assembled at the club house Wednesday night. The quantity of money which would have changed hands had the bout resulted in favor of either man is well up in six figures.

Those arrested, including the principals, seconds and referee, were escorted to the One-Hundred-and-Fourth street police station, first allowing Maher and Sharkey to go to their dressing rooms and put on their street clothes. All furnished bail. So far Brady has not been arrested.

While there will be many electrical displays in the sky during the next few weeks, they will not be of the dangerous nature. The storm clouds, too, will be seen to move erratically through the rest of the month.

IN THE SENATE.

A Period of Tariff speeches -- But Little

Progress Made on the Bill.
WASHINGTON, June 10.—SENATE.—The sen ate had a period of tariff speeches Wednesday and as a result little progress was made on the bill. Mr. Rawlins (Utah) and Mr. Mills (Tex.) discussed the democratic attitude on the tariff from their respective standpoints Mr. Rawlins was a member of the pi iform committee of the Chicago convention and proposed the tariff plank which was adopted. He neld that the vote he and several other demo cratic senators had cast for duties on cotto and other agricultural products was justified by the platform and by the traditions of the party. Mr. Mills severely arraigned the bill us a class measure designed to build up a vast fund for distribution among the beneficiaries of the bill and at the expense of the 'forgot ten mand the tax payer. He indirectly criticised those democratic senators who roted for the amendments to the bill putting a tax on cotton and other articles, contending that their course was a radical departure from the tenets of democracy. Later in the day Mr. Cannon (Utah) proposed an amendment placing an export bounty on agricultural products. He spoke two hours on the need of giving the farmer a share of the benedits of the tariff Mr. Butler (N. C.) also spoke in favor of giving the farmer equal benefits with other classes under the bill. Only half a page of the bill covering four brief and comparatively unimportant paragraphs (2.9 to 233) were disposed of during the day. The session will begin at 11 a. m. Thursday.

IN A DILEMMA.

To Hang or Not to Hang Durrant, is the Question.

SAN FRANCISCO, June 10. - Warden Hale, of San Quentin, conferred with Attorney General Fitzgerald Wednesday as to his position with regard to the execution of Theodore Durrant, but after being closeted together for two hours both officials declined to be interviewed as to the conclusion reached by them. Durrant's attorneys profess entire unconcern as to what the state officials intend to do with their client, claiming that the warden dare not proceed with the execution after being served with a notice of appeal to the supreme court of the United States, and threatening in the event of Durrant being executed, to proceed against the warden and governor upon charges of conspiracy and treason. It is considered as very unlikely that Durrant will be hanged Friday under the existing cir-

Sultan Angry Over the Rejection of His Paace Commission.

The Aspect of Affirs in the East Rather Worse Than Better.

The Powers Are Seeking to Moderate the Turkish D mands-lne Restlessonss Sugaria-Reported That the Tucks Hive Burned Villages.

London, June 10. - The latest advices from Constantinople deny that the powers are advocating direct negodations between Turkey and

Greece. In other respects, however, the aspect of affairs is rather worse than better. It appears that at Saturday's conference the ambassadors declined

to accept either Assim Bey or Zia Bey as a Turkish peace commissioner. This, together with their refusal to discuss the retention of Thessaly, threw the sultan into such a rage that he forthwith summoned a meeting of the special commission apppointed to

consider the terms of peace. All day Sunday he was in telegraphic communication with most of the European capitals, and in the evening he gave stringent orders to the grand vizier, who immediately resigned. The special commission sat until the small hours of the morning. accomplishing nothing but a split among its members, the majority of whom expressed themselves emphatically as opposed to yielding to the powers.

The Turks are very angry at the alleged brusque declaration of Sir Philip Currie, the British ambassador, that England will never permit Christians to return to Turkish rule. It is also stated that the German ambassador is Nelidoff, the Russian ambassador, supporting Sir Philip Currie in this respect; and, though it is still alleged July 1. that Germany is advising Turkey to put every man under arms, it is believed she has seen the advisability of falling into line with the other powers.

This view of the matter appears to be confirmed in a significant article in the Kolnische Zeitung. Tuesday evening, which denies that England is encouraging the Greeks or Germany the Turks, or that there is any essential difference of opinion between England Russia, and adds:

"On the contrary, all the powers are seeking to moderate the Tuckish demands and to prevent the reimposition of the Turkish yoke upon Christian people."

Following upon the reports of Bulgarian restlessness, it is said on high authority that the grand vizier officially advised the sultan last Saturday to revoke the firman conferring the governorship of Eastern Roumelia on demand for Macedonia, the situation would be come extremely grave.

Advices from Athens show that the gravity of affairs is fully recognized there. M. Scouloudis, the Greek foreign minister, said Wednesday even-

"I do not hesitate to say that the present is a most critical moment for our existence as a nation." It is said the Turks have burned all

the villages around Dokomos, and have occupied and are strongly fortifying the villages of Trikeri Angistri, as well as defending the harbor of Volo. The Odessa branch of the Credit Ly-
